"Very happy with this addition to our family."

—Ryan from NJ

★★★★★

HELPFUL TIP:

Add years to the life of your grill with simple cleaning and maintenance. Burn off grease and residue from cooking grates, then scrub with a wire brush once they start to cool. Clean the exterior with steel wool and soapy water (use a sponge on stainless steel). Finally, keep your grill covered when not in use to protect it from the elements. For more information on grill care, search keyword "Weber shop" on acehardware.com.
